Discover a superb collection of four brand-new townhomes, thoughtfully designed to deliver stylish, contemporary living with an emphasis on space, privacy and effortless low-maintenance living. With a selection of considered floorplans, including a single-level design, these beautifully appointed homes offer flexibility to suit a range of lifestyles, from families and downsizers to those seeking a quality investment in a highly convenient Kyneton location.

Each residence is freestanding, fully fenced and completely private, providing the feel and independence of a traditional home without the upkeep. Set within a leafy, established street, the location is particularly appealing, with Mollison Street, local cafés, shops and the township all within easy walking distance.

Inside, the homes are generous in proportion, with good-sized bedrooms, elevated ceilings and large windows that draw in an abundance of natural light, creating bright, welcoming interiors throughout. The open-plan living areas provide an ideal space to relax and entertain, flowing seamlessly into beautifully appointed kitchens featuring sleek contemporary finishes and quality appliances.

Adding to the appeal, every design includes a bedroom conveniently positioned on the ground floor, offering excellent flexibility for guests, family members or those looking for single-level living now or into the future.

Outside, private, low-maintenance garden spaces and spacious alfresco areas provide an effortless extension of the living space. Whether enjoying a quiet morning coffee, entertaining friends or simply making the most of the outdoors, these areas have been designed for enjoyment without the burden of extensive garden maintenance.

Practicality has also been carefully considered, with secure electric gate entry to the front of the property, double garages featuring additional rear roller-door access, and abundant storage throughout. There is plenty of room for everything, making these homes as functional as they are stylish.
