“Tuscan View” is a 27.27Ha (67.38 acres) parcel of land which was originally planted out with 480-500 mango trees. With a dwelling opportunity in place, this gives someone the opportunity to build totally “off grid” and have unbelievable views of the Muckleewee Nature Reserve and surrounding valleys right back to Lismore.
Divided into 2 separate paddocks, most of which is fenced, the property is currently used for running cattle but lends itself to someone wanting to restore the mango plantation and earn themselves a considerable income.
The current owner has spent the last month excavating a road, giving access to a cleared, solid base, house pad with a dwelling opportunity available.
The block takes in part creek frontage along one boundary along with some spring fed gullies from the neighbouring property. An old set of timber yards and loading ramp are currently standing but would need further attention for use.
Flood free block and located approx 20 minutes to Lismore CBD and 35 minutes to Casino.
