Quality Country Living Home

This Quality Country Living home was built in 2016, is modern with all the amenities one would need for comfort and sustainability. 4 bedrooms with built-in robes and the master bedroom with a walk-in robe and ensuite offers plenty of space. The open-plan living area and floating floors give it a contemporary touch, and features like the electric stove, wall oven, dishwasher, and ducted evaporative cooling make it practical.

The 5kw solar system is a great eco-friendly addition, and the outdoor spaces—the front and rear decking and undercover entertainment area—would make this property perfect for relaxing or hosting guests. Plus, with a double garage, double carport, manicured garden, and lawn, it is well-maintained and spacious.

Its proximity to the beach adds an extra layer of appeal, making it a great holiday getaway or forever home.
