HOT TIMES CALLS FOR A POOL

With the weather heating up, it's the perfect time to have a house with your very own pool. How good would it be to come home after a long day at work and be able to relax in the pool? Well 10 Morris Street is an affordable option where this dream can be your reality.

The current owners have loved living here and have made many fond memories but it is now time for them to move on and for the next family to create their own memories.

The home offers a low maintenance style of living and one of the best things about this property is that it backs onto 7 acres of parkland with playground, paths and an outdoor gym. How good is that! All this land and you don't even have to maintain it (thanks to Ipswich City Council). Great if you've got kids that like to have a run around.

Location is great! Close to schools, shops (including Yamanto Central shopping centre), and only a 2-minute drive to the Cunningham Highway with direct access to Brisbane in one direction and the Amberley RAAF base in the other direction.
