Inside, the unit is modern and finished in neutral colours to allow for personal expression with furniture and wall hangings. This is the preferred unit layout as it is at the end of the building and includes many more windows than other layouts in the complex. More windows allow more light and better ventilation for a much more enjoyable stay.

The kitchen is well equipped with stone bench tops and a nook for your microwave and fridge including an abundance of storage for a property of this size. The bathroom and ensuite have tiles to the ceiling, whilst the bedrooms have mirror front built in robes finishing off the quality feel of the property. The property is tiled throughout and fully air conditioned to help deal with those sweltering wet season days.

Features include:

- * Quality complex with loads of amenity
- * Superior layout to many in the complex
- * Secure garage parking for 2 cars
- * Stone bench tops in the kitchen with great storage

This property is currently vacant and ideal for the owner occupier due to the high level of amenity in the complex. This is the perfect starter for someone to stop paying rent and start buying their own property.
