By Appointment.

*Please read my text below for answers re rental terms and rent appraisals and inspection requirements.

Here is an opportunity to enter the Ipswich market in a great flood free location at a fraction of the price.

Current tenants in place paying \$320 per week until April 2025 as the current owner loves them and wanted to keep the rent cheap for them but if you are an investor this home should rent for \$480 to \$500 per week after a fresh internal paint and minor cosmetic updates.

With a great floor plan consisting of three bedrooms, main with built-in robe, all with ceiling fans and one retro cool main bathroom with separate shower and bath.

The main lounge room flows onto the dining space and kitchen which has a dishwasher and free standing stove.

Outside there is a large covered outdoor entertaining area, a level yard with a garden shed plus a carport and side yard access.

Position is also desirable and offers a short walk to two local Schools, the local Tavern serving great meals and beverages and of course the Cunningham Highway is easily accessible from this central Raceview position.

To respect our tenants we would like to group all inspections together and give the legislative entry notice periods, we also have a video that can be sent to you to look over prior to inspecting
