The site features a substantial range of storage infrastructure including 16 standard 6m x 3m storage sheds, 8 storage file units measuring approximately 1.5m x 1.4m, 4 larger 3m x 2.9m storage units, and an additional 12 standard storage units with varying reduced sizes to accommodate flexible tenancy and storage requirements.

Set within a growing industrial precinct, the property is ideally suited to self-storage operations, trade services, equipment storage, caravan or vehicle storage. The site also has four shipping containers and five under cover van/car spaces. The Townsend Industrial Estate continues to attract strong business demand due to its strategic location, industrial zoning, and proximity to the upgraded Pacific Motorway.

This is a rare opportunity to secure a functional and income-producing industrial asset in one of the Clarence Valley's emerging commercial hubs.
