Hidden behind established gardens in one of Avalon Beach's most tightly held pockets, this remarkable family sanctuary delivers a lifestyle where every day feels like an escape. Thoughtfully renovated and beautifully presented, the home blends timeless coastal elegance with relaxed luxury across a generous, family-focused floorplan.

Designed to embrace its idyllic surrounds, expansive living spaces spill effortlessly outdoors, creating a seamless connection between the interiors and the tropical landscape beyond. Sunlight pours through new windows, while soft natural finishes, bespoke joinery, textured feature walls and carefully curated materials create a home that feels both sophisticated and wonderfully welcoming.

The newly completed upper-level master retreat is a private sanctuary of its own, featuring a luxurious walk-in wardrobe and a breathtaking ensuite where a freestanding bath, Calacatta Viola stone, Astral Walker tapware and soaring skylight evoke the ambience of a boutique wellness retreat.

At the heart of the home, the beautifully appointed kitchen centres around an oversized island and premium 900mm Smeg gas cooker, creating a natural gathering place for family and friends while opening effortlessly to the surrounding entertaining spaces. Multiple living and dining areas offer exceptional flexibility, complemented by three additional bedrooms on the ground floor, guest accommodation with its own bathroom, a separate rumpus/media room and a versatile home office or optional fifth bedroom.

Outside, the property reveals itself as an entertainer's paradise. Landscaped tropical gardens frame the sparkling pool, while a covered pavilion with built-in barbecue creates the perfect setting for long lunches and summer evenings. A full-size resurfaced tennis court with basketball hoop, expansive level lawns and a dedicated wellness studio complete with infrared sauna and space for a reformer Pilates bed and gym equipment ensure every member of the family has space to relax, play and recharge.

Beautifully private yet effortlessly connected to the best of Avalon, this is a home where holidays become everyday living and every season is designed to be enjoyed.

- Beautifully renovated family residence with a timeless coastal aesthetic
- Private upper level master retreat with walk in robe and luxurious new ensuite
