Step into this charming early 1900s cottage, brimming with character and modern comforts! Sitting on a fully fenced 350m2 block, it's the perfect blend of historic charm and modern convenience.

As you approach, you'll be welcomed by a classic front veranda - a perfect spot to enjoy your morning coffee or afternoon breeze. Step through the timber front door, and you'll be greeted by three generous bedrooms, each thoughtfully equipped with built-ins, ceiling fans, and air-conditioning to keep everyone cool and comfy.

The spacious loungeroom is ideal for family time, also complete with air-conditioning for year-round comfort. The eat-in kitchen offers plenty of bench and cupboard space - whether you're whipping up weeknight dinners or hosting a Sunday brunch, this kitchen has you covered!

The main bathroom, while sporting a charming "tiny refresh," provides all the essentials with a shower-over-bath combo, a toilet and an updated vanity unit.

Head down a few stairs to discover a large laundry space that makes chores a breeze, and just outside, a covered entertainment area that's begging for BBQs and relaxed afternoons.

Got vehicles or toys? No problem! There's side yard access to a double powered garage - perfect for your cars, a workshop, or extra storage. And with a large solar system in place, you can keep those power bills in check.
