From the moment you step inside, the warmth of polished hardwood floors, detailed cornices and soaring high ceilings sets the tone. Classic features combine seamlessly with expansive living zones to create a home that feels both refined and welcoming.

At the heart of the residence, an inviting kitchen and dining space flows through to a generous lounge room, forming a natural hub for family living and entertaining. Multiple well-proportioned bedrooms provide flexibility for growing families, guest accommodation or additional work-from-home options, ensuring the layout adapts easily to your needs.

Outdoor living is truly in abundance. Wide verandahs and elevated deck areas capture cooling breezes and frame the picturesque river outlook - the perfect setting for morning coffee or relaxed evening gatherings. The outdoor pool offers a private oasis for warm summer days, inviting you to unwind with an afternoon dip while enjoying the tranquil surrounds.

The lower level reveals outstanding versatility, highlighted by a substantial utility room that opens directly to the street front. This adaptable space presents an exceptional opportunity to operate a business, establish a studio, or create a dedicated work-from-home environment with its own independent access. Garage accommodation is also incorporated on this level, while the rear lane access enhances convenience, allowing vehicles to reach both the garage and the additional shed and studio at the rear of the property.

The dual street frontage not only adds practicality but also unlocks exciting possibilities for those seeking space for hobbies, storage, creative pursuits or home-based enterprise.

With its rare combination of heritage charm, generous proportions, river views and flexible spaces, this is a property that stands apart. Homes offering this level of character and opportunity in Maclean are increasingly hard to secure.

Offers are invited immediately. Buyers seeking lifestyle, space and long-term potential are encouraged to act swiftly - an opportunity of this calibre will not last.
