Stepping inside, tiled flooring flows throughout the main living areas, creating a practical and low maintenance space for everyday living. The open-plan kitchen, dining and living area forms the heart of the home, providing a spacious area for the family to come together, while the separate carpeted media room offers an additional living space, allowing the family flexibility and room to grow. At one end of the home, the master suite features a walk-in robe and private ensuite, providing a comfortable retreat away from the rest of the house. The three remaining bedrooms, each featuring carpeted flooring and built-in wardrobes for both comfort and convenience, are serviced by a central bathroom. Reverse-cycle air conditioning is fitted throughout the home, ensuring comfort throughout the whole year.

Outside, the covered alfresco area provides a great space for outdoor dining and entertaining, whilst the generous 682sqm block with a secure yard provides plenty of space for both children and pets to enjoy safely. Side access adds further practicality, providing additional access to the backyard, while the double lock-up garage offers plenty of room for off-street parking and secure storage, with convenient internal access directly into the home.

Combining space, functionality and a practical family layout, 16 Orley Drive is the perfect opportunity for families looking to grow, first home buyers looking to enter the market with a quality asset, or investors looking for a low maintenance addition to their portfolio.
