The home makes a striking first impression, with welcoming interiors featuring stylish vinyl floor planks and brushed brass fittings. Privately positioned, the main bedroom offers a custom walk-through wardrobe with ample hanging, shelving and drawer space. Its ensuite is finished with floor-to-ceiling tiles, a mirrored shaving cabinet, a large shower with twin showerheads and a floating vanity with twin vessel sinks.

At the heart of the home, the expansive open-plan kitchen, living and meals area is designed for everyday comfort and easy entertaining. A raked ceiling with two large inset skylights brings natural light into the gourmet kitchen, where Caesarstone benchtops with striking gold-toned veining add a luxurious finish. Quality appliances include an 900mm Electrolux electric oven and induction cooktop, plus an LG dishwasher. A large breakfast bar and spacious walk-in pantry complete this impressive kitchen.

Glass sliding doors and a large kitchen servery window connect the interior to the tiled alfresco area. Overlooking established gum trees and positioned to enjoy the sunsets, it’s a welcoming space for year-round outdoor dining and entertaining.

Set apart from the main living zone, the remaining bedrooms each include built-in robes, ceiling fans and roller blinds. Ducted and zoned reverse-cycle air conditioning provides year-round comfort throughout the home. A second living area nearby offers flexibility as a family retreat or rumpus room.

The main bathroom features a modern wet-room design, with a floating vanity and fluted cabinetry, a freestanding ribbed bathtub and a separate shower with glass-panel screening and a large showerhead. A separate toilet adds everyday convenience.

The well-appointed laundry includes laminate benchtops, stylish cabinetry, broom and linen storage, and a glass sliding door providing external access. Outside, good side access provides space for a caravan, boat or trailer. An automatic watering system helps keep the establishing lawns and gardens looking their best, while a large garden shed provides handy storage for your gardening tools.
With its generous layout, quality finishes and seamless indoor-outdoor connection, this is a complete home ready for its first owners to enjoy.
