Your own private country estate

Set within a peaceful hidden valley with no passing traffic, this 140 acre sanctuary on the beautiful Mid North Coast is a place where the air feels cooler, the light softer and life slows to the rhythm of the rainforest. Just fifteen minutes from Coffs Harbour and twenty to the beach, it offers complete seclusion without isolation - a sustainable retreat close to national parks and rich in biodiversity.

Two immaculate, move-in-ready residences sit in harmony with the land, designed for multigenerational living, guest accommodation or a private eco-retreat. The four bedroom main home features mixed local hardwood floors, a well-appointed kitchen, and a luxurious private garden bathroom with slumped-glass accents. Generous open plan living flows onto wide verandahs framed by mountain views, while both dwellings are embraced by sandstone terraces and beautifully landscaped gardens.

Outdoors, the landscape unfolds in layers - a saltwater pool, fire circle, wood-fired pizza oven and gentle play areas shaded by tall forest. Natural springs and a meandering creek create a cool microclimate and a constant connection to water. Around the homes, a manageable clearing and landscaped surrounds make the property beautifully easy to maintain while remaining immersed in its serene rainforest setting.

With a large double storey shed, solar power with mains connection, multiple water tanks, a spring-fed well and reliable internet, every detail blends eco-friendly sustainability with comfort. Located close to schools, the university, hospital, marina, airport and beaches, this rare property combines natural beauty with everyday convenience - timeless, private and waiting for its next custodians.
