House 4 2 3

Coastal Prestige in a Blue-Chip Beachside Setting

Perfectly positioned in one of the Illawarra's most tightly held and prestigious streets, this exceptional Barrack Point residence delivers the ultimate fusion of refined coastal living, contemporary comfort, and environmentally conscious design.

Set on a meticulously maintained 632sqm parcel with an impressive 17-metre street frontage, this beautifully presented home offers an enviable beachside lifestyle just moments from Little Lake, Black's Beach, and the pristine shoreline of South Warilla Beach.

Designed for effortless family living and executive comfort, the residence showcases four generous bedrooms, two stylishly refreshed bathrooms, multiple living zones, a dedicated home office, and an oversized triple-car garage with convenient drive-through access and additional off-street parking.

The thoughtfully designed floorplan caters perfectly to modern lifestyles, with a custom-fitted home office ideal for remote work or study, while the upstairs retreat provides the flexibility of a teenagen haven, media room, or sophisticated entertaining space.

At the heart of the home lies a stunning bespoke Krauss Kitchen, beautifully appointed with premium finishes and high-end European appliances. Featuring 40mm Quartz stone benchtops with waterfall returns, soft-close Blum cabinetry, integrated Liebherr refrigeration, and an impressive suite of Miele appliances including a frameless induction cooktop and oversized oven, this gourmet space has been crafted for both everyday functionality and effortless entertaining.

Seamlessly connecting indoor and outdoor living, the expansive covered pergola overlooks a private, tranquil backyard designed for year-round enjoyment. Two lock-up garden sheds provide excellent additional storage or the flexibility for a studio, workshop, or creative retreat.

Adding further appeal, the home embraces sustainable living with a premium solar energy system including 28 x 300W Q Cell Duo Black solar panels, Tesla Powerwall 2 battery storage, and a Reclaim Energy CO2 heat pump hot water system - significantly enhancing energy efficiency while reducing ongoing living costs.

Positioned within walking distance to beaches, parks, cycleways, and recreational facilities, and only a short drive to Shell Cove Marina, Shellharbour Village, Stockland Shellharbour, and local schools, this is a rare opportunity to secure an elite coastal residence in a truly blue-chip location.
