Set on an approximately 500m² subdivided block, the home is thoughtfully positioned towards the rear of the allotment, creating a private and peaceful feel from the road. With no body corporate, a low-maintenance yard and a practical modern layout, this property is an ideal choice for first-home buyers, downsizers or investors looking for an attractive, easy-care home.

Inside, the home features a spacious open-plan living and dining area centred around a well-appointed modern kitchen featuring stone benchtops, a large gas cooktop and oven, dishwasher and ample storage. The open-plan design creates a seamless connection between the kitchen, living and dining areas, while the covered outdoor entertaining area extends the living space outdoors.

The master bedroom features an ensuite along with direct access to the covered patio. Three additional bedrooms provide comfortable accommodation, with three of the four bedrooms featuring built-in wardrobes. The main bathroom is well appointed with both a shower and bathtub.

Outside, the fully fenced yard offers a private, low-maintenance space that is easy to enjoy and even easier to maintain. The home's position towards the rear of the subdivided block provides an appealing level of privacy from the road, while the attached garage adds convenience.
