Inside the Home

At the heart of the home is a chef's kitchen – truly an entertainer's delight. Featuring stone benchtops with an island breakfast bar stretching over 4 metres, a second run of bench space more than 8 metres long overlooking the pool, double ovens, induction cooktop, and timber feature cabinetry, this kitchen is as functional as it is beautiful. A clever servery window opens directly to the outdoor entertaining area, making gatherings seamless.

The home offers two spacious living areas with stylish finishes, including a raked ceiling in the lounge, timber feature shelving, inlaid timber accents in the polished concrete flooring, and designer feature lighting. There is also a dedicated dining area to bring the family together.

Upstairs, you'll find four generous bedrooms, all with built-in robes. The master suite includes a ceiling fan and split-system air conditioning, while the other bedrooms are serviced by a sleek, ultra-modern bathroom with floor-to-ceiling tiles, floating timber vanities, and on-trend tapware, plus a separate toilet. A third bathroom is conveniently located downstairs.

The interiors are completed with timber flooring upstairs, polished concrete floors downstairs, ceiling fans, roller blinds, and plenty of storage throughout. The oversized timber front door sets the tone for the home's modern, stylish character.
