The Secret of Freshwater

Tucked away and peacefully quiet, the little hidden gem of a street is little known but the perfect entry level home ripe for renovation and or dual living purposes.

Located in a cul de sac street off Martin St, this single brick home is deceiving with extensive views that pack a punch. An outlook that stretches to Manly inclusive of St Patrick's Estate and travelling the horizon across the ridge of Balgowlah then towards the city. The night lights, sunsets and fireworks are superb.

- * Five bedrooms with an ability for a sixth
- * The upper and lower levels are kitted with a full kitchen and granny flat style kitchette.
- * Two extensive balconies run across both levels
- * Large lounge rooms with ample natural light
- * Tidy and manageable backyard
- * Double garage with one being used for a 6th bedroom

A simple walk to Freshwater Village, beach, bus stop for CBD or Manly Ferry connection, the position is amazing and the opportunity to add value is outstanding.
