This is a house designed for a very pleasant style of living, situated on a very attractive one and half acre estate with very well maintained gardens studded with tropical plants and large fruiting mango trees.

There are many outdoor areas designed for sun or shade and a formal pond with fountain, And of course the swimming pool again is immaculately presented in keeping with the home.

As you would expect the three bedrooms have built-in-robos and easy access to the superbly presented bathrooms, the main bathroom featuring a large multi jet spa bath.

Of course there is a large secure double garage and an extra space for the boat (Sawtell Beach is only 10 minutes drive away)

The garden is home to lorikeets, native birds and even the odd brush turkey wanders through.
