COME HOME AND RELAX

Positioned in a peaceful cul-de-sac, this gorgeous home is a beauty. The entrance is welcoming with the small veranda which leads into the house. The home has an open plan living and dining area, contemporary colour scheme and floating timber floors which flow throughout the home. The living area has built in cabinets. There is a funky bathroom which has been renovated to compliment the rest of the house. There are three bedrooms, two of them have built in robes and the third bedroom has glass sliding doors to the outdoor entertaining area. There is a veranda which extends the full length of the home, complete with in ground heated spa, a stone BBQ and formed seating for those chats around the fireplace - a perfect place to unwind at the end of the day. There are lovely terraced gardens which extend to the back of the block where you can sit and take in the views of the rocky outcrop behind.
