LARGE COMMERCIAL SPACE PLUS VACANT LAND BESIDE

Great location close to central precinct, the heart of Tully Town. This space offers a great development opportunity with a vast array of possibilities with several shopfronts.

The vacant land to the left of the buildings could potentially become off-street parking to service the shops, or perfect area for future expansion.

A toilet block is featured at the rear of the building on the right.

With some dedication and hard work these few buildings could be transformed into a great retail hub of Tully.

Contact the friendly sales team at LJ Hooker Tully today to arrange an inspection of this potential-filled investment.
