House 3  1  1 

### Mortgagee in Possession

This is literally a "Fire Sale". The 3 bedroom hardiplank home has suffered some extensive damage in a recent fire and now needs to be sold. It sits in a great central location just a short stroll from the shops and primary school and just a few minutes more to the picturesque shores of Jervis Bay. This could be that great opportunity that you've been waiting for with price expectations not much more than land value.
