Feel Isolated in the Suburbs - Privacy, Position and Space

One neighbour. A park across the road. Privacy at the back. This is the kind of position families search years for - and it rarely comes up.

With a modern feel and a terrific colour scheme throughout, this property is ready for you to simply move in and unpack.

At the heart of the home is the open plan living and dining area, where large raked ceilings create a sense of space and light rarely found at this price point. Sliding doors open out to a stunning covered alfresco and entertaining area, complete with a timber deck and large spa - the perfect spot to unwind after a long day or entertain family and friends on the weekend.

The master bedroom is a private retreat, featuring a walk-in robe, ensuite and air conditioning. The three remaining bedrooms, positioned at the rear of the home, are just as well appointed with built-in robes, ceiling fans and air conditioning of their own.

Outside, the block itself is the standout feature. Sitting flat and bordering a council easement, you'll only ever have one neighbour - with no one behind you at all. Add a park directly across the road and a walking track through the rear gate leading straight to local schools and amenities, and you have a position that simply can't be replicated.
