Completely Renovated Rural Retreat on Almost an Acre "Priced

Completely renovated rural retreat on almost an acre in a very tightly held pocket of Advancetown.

Set on a near-flat block of just shy of an acre, this beautifully renovated property offers the perfect blend of modern comfort, space and a relaxed acreage lifestyle.

Completely renovated throughout, the home is ready to move straight into with nothing left to do. The brand-new kitchen forms the heart of the home, while the recently restored roof provides further peace of mind.

Outside, the property really comes into its own. Established gardens and mature fruit trees create a private, leafy setting, while the impressive three-bay powered shed provides an abundance of space for vehicles, boats, caravans, hobbies, storage or the home handyman.

With substantial rainwater storage and filtration, a near-flat block and plenty of usable land, this is an increasingly hard-to-find lifestyle opportunity.
