The kitchen is modern with dark stone look bench tops and stainless steel appliances and an island workspace. Access to the formal dining room is via a pair of french doors. The bathroom also has been updated but is in keeping with the traditional feel of the home. The striking timber vanity is in contrast to the light coloured tiles and shower.

The lounge is central and the two bedrooms at the front of the home are large in size and each has a bay window. Also the home is fully air-conditioned. Downstairs a timber walkway leads you through an enchanted garden setting to the large open backyard.

A timeless beauty.
