The Statement Block – Space to Create Something Exceptional

If you've been waiting for the right piece of land to create something truly special... this is it.

Lot 3 is the largest of the three, offering over 1,000m² of prime beachside land in a location where opportunities are becoming increasingly scarce. With space to design without compromise, this is the ideal foundation for a high-end coastal residence, a multi-generational home, or a private retreat that embraces the natural surroundings.

With beach access just down the road, you can enjoy the beauty of Cabins Beach whenever you please – quiet, uncrowded, and a true hidden gem of the coastline.

In Mullaway, it's not just about proximity to the beach – it's about the lifestyle. Slower mornings, salty afternoons, and a sense of calm that's hard to replicate.

For those wanting space, privacy, and the freedom to build without limits – this is the one.
