

237 Denton Park Dr, Aberglasslyn, NSW 2320

Sold - 31/05/2013

House 4 2 3

"RESERVE AT REAR"

Located on an 860m block backing onto a wetland reserve, this near new four bedroom brick and tile home is family friendly, with a separate lounge room at the front, a large kitchen with heaps of bench and cupboard space and a spacious family and meals area for informal living.

The main bedroom has both walk-in-robe and ensuite, and is large enough for a king size bedroom suite. All the remaining bedrooms feature double built-in robes and have room for childrens' desks and other furniture needs.

A large split system air conditioner in the lounge room provides rear round climate control for the family's comfort.

The large double garage has a single remote opening door, and there are double gates in the adjacent fence for easy vehicular access to the rear yard, which is landscaped with retaining walls leading down to the rear fence and reserve.

To arrange a private inspection, please call Peter Crotty on 0407 341 714 or Global Property International office on 4934 7788.
