Open for Inspection

By Appointment.

Admired as an acclaimed address, Panorama Crescent showcases some of the most spectacular residences on Buderim's north-east escarpment. This architectural masterpiece is no exception, designed to showcase the stunning Ocean vistas from almost every room.

Designed for those who love to entertain, with a clever design integrating all levels both internally and externally, this home offers effortless living in a desirable location.

Upon entry timber floors and high ceilings frame the ocean through expansive glass from each living area. A split level design creates architectural intrigue to the eye.

The island kitchen features stone and opens onto the dining area and deck with bi-fold doors. An external staircase leads from the main entertainers deck to the lower level and down to the pool with cascading water feature.

The master bedroom is located on the top level and is designed to get views from the bed. An open ensuite means there are views from both the spa and the frameless walk-in shower. There are also double vanities and a dressing room.

Downstairs are three bedrooms, one ensuited and the remaining two share a common bathroom. There is also a rumpus room on this level with direct deck access. There is also the bonus of having level grassed area that is fully fenced for children and pets to play.

- Four Bedrooms With Built-ins + Study
- Dual Level Master Built Residence
- 278m² Internal Living Space
