Corner Block Opportunity with Lifestyle at Your Doorstep

Positioned in a sought-after northern pocket of the island, this generous 597m² vacant corner block offers the perfect blend of convenience, lifestyle and future potential.

Enjoy the unique advantage of having the Bowls Club right at your doorstep, creating a relaxed, community-focused atmosphere that's hard to beat. With dual access from its corner position, the block provides excellent flexibility for your build design, access or future improvements.

The land features established trees to the boundary that can be easily cleared for a clean building platform, or selectively retained to enhance natural airflow and a leafy, open outlook. Set on a sealed road and surrounded by well-presented, established newer homes, the location is both appealing and practical.

Best of all, this block is within walking distance to the island's main amenities, making everyday living effortless while still enjoying a peaceful northern setting.

Whether you're planning your dream home or securing a smart investment, this is a standout opportunity not to be missed.
