With everything you need and nothing wasted, this is the perfect option for downsizers, first home buyers, and investors looking for a home of quality and style, without compromising on functionality.

The air-conditioned living spaces feature fresh paint, stylish flooring and an open design, while the renovated kitchen offers plenty of storage and preparation space.

Two bedrooms are complete with built-in wardrobes and ceiling fans, and both have easy access to the central bathroom, which has been renovated and thoughtfully designed.

An internal laundry has extra storage plus access to the low maintenance, fully fenced yard plus a garden shed and leafy surroundings. Adding further functionality, we have a secured carport with remote door plus an extra lockable storage room to store the extra bits and pieces.
