

287 Princes Way, Drouin, VIC 3818

Sold - \$555,000

House 3 1 1

Fantastic family home with dream garage

Everyone is looking for a home with the sort of man shed they can set themselves up in, and lucky you...this is one of them. With a gorgeous home, fresh paint updates and new blinds to some areas, hardwood floors to living spaces and new carpet to bedrooms. All bedrooms are a good size and have great size built in robes and are serviced by a main bathroom. The large lounge allows plenty of room for the family to spread out and complimented with hush glass to the front of the home, as well as the master bedroom. The kitchen is well appointed with 600 mm appliances and loads of bench and cupboard space. Ducted heating and split cooling throughout to keep you comfortable all year round. Lots of extras like the the roof being repointed and the ducted heating updated about two years ago. Outside is an excellent closed in outdoor area for entertainment or all year round use for the children and pets or for Saturday night BBQ with friends and family. This area is open to the garage and covered area which almost equates to two double garage areas this is how big this is and all locked behind a remote garage door. Out the back is still a great size yard for the family to enjoy. The location is perfect, being on the outskirts of town you are not far from the freeway access or a few mins in to town and being on a side road, plenty of safe on street parking if you need more than the large driveway space.

Open for Inspection

By Appointment.

With all the boxes ticked you won't need anything else. Call Jodie today 0400 338 831.
