The home itself is move-in ready, with a north-east facing veranda for your morning coffee, a dedicated barbecue area for gatherings, and a sparkling saltwater above-ground pool perfect for summer days. Established fruit trees and gardens add to the relaxed, coastal atmosphere, creating a backyard you'll never want to leave.

For those with an eye to the future, the property's medium-density zoning offers subdivision potential (STCA), with the existing home easily separated from the land at the rear. Whether you choose to keep things just as they are or unlock the development opportunities, the location couldn't be better - ½ close to the school, shops and boat ramp.

This is an incredibly rare chance to secure a property that offers comfort, lifestyle and endless possibilities all in one.
