Master built and hand crafted, immaculate cedar walls and raked ceilings showcase the open plan living area of the upper level, which is warmed in winter by a slow combustion fireplace. There are substantial all-weather decks on both levels which are undercover and well protected. Open kitchens (upstairs and down) are well equipped and offer easy access to outdoor entertaining. All four bedrooms are super peaceful with high ceilings and leafy outlooks.

The lower level is a completely separate one bedroom unit that functions perfectly as an entirely separate unit with its own entry. Perfect as a teen retreat; guest accommodation or as an income generating rental property.

A good sized suspended carport allows easy access to the main floor of the house. Beautiful Pittwater, Careel Bay, Avalon village and the beach are all accessible in a matter of moments.
