Neat, sweet, and equipped with all the things you need to enjoy a getaway with your family & friends.

Set back from the hustle and bustle Riverside Escape is nestled in a quiet little group of units, so you'll love the sense of privacy while only being 5 minutes from town. The water's edge is also only a 5-minute walk away – where you'll find public jetties and meandering pathways along the river.

Perfect for groups as small as two and up to four, the essentials are all here - between the two queen rooms, open living/kitchen/dining, spacious bathroom, and euro laundry. But the real treat for when the sun is shining is the garden. The two large lawns are fully fenced, making them the perfect spot for kids to play. Complete with a fab outdoor dining setting, umbrella for shade, and BBQ you can't go past a quick alfresco dinner. Park securely in the carport, plus additional parking on the driveway.

~ Around ~

Once a thriving river port, the town has plenty of historical features. Today, it is a bustling regional centre with plenty of great cafe's, pubs, restaurants, and microbreweries.

A popular gateway to the lake systems at the Murray River mouth in the Coorong National Park, which is home to towering sand dunes and meandering waterways. A must is a cruise on a 100+ year-old paddle steamer. On land, you can take a historic passenger service between Goolwa and Victor harbor along Australia's oldest railway – commissioned in 1854 and still running today.

~ Configuration ~
