Unit 2  1  1 

Easy Living By The Sea

Tucked into a leafy, low maintenance complex, this updated two bedroom unit is a smart way into the Surf Beach lifestyle, whether you're buying your first place, downsizing or adding to your portfolio.

The heart of the home is the renovated kitchen, with a bold red glass splash back, marble look benchtops, soft grey overheads and sleek black handles while a servery window connects the kitchen to the living area, which is ideal for entertaining.

The light filled living and dining space has warm timber look flooring and a wide sliding door that opens to a covered patio overlooking the established gardens. Step out and you'll catch glimpses of the beach through the gum trees.

Both bedrooms are carpeted and well proportioned, with mirrored BIR's. The single bathroom offers both a bath and a shower and the internal laundry keeps the day to day practical.

A separate rear single lock up garage with built in shelving gives you secure parking or extra storage, and the single level layout makes the home easy to live in at any stage of life.

A short stroll to the shops which include a doctors, chemist, supermarket, takeaway, bottle shop etc, makes this one is worth a look.
