

3 Lee St, Culburra Beach, NSW 2540

Sold - 11/05/2012

House 4  3  2 

## Great Views

There are some great features here that make this property quite unique. Great position, great views, great 920 square metre (approx..) block and great potential. The two storey home has four bedrooms with the main having en-suite and 3 having built-ins. The living areas are made up of a formal lounge room, dining area, Oregon timber kitchen and a family/rumpus room upstairs. Other features include a further shower & toilet in the laundry (making it the 3rd bathroom), a large double garage/workshop, ducted air-conditioning and a 920 square metre block giving you plenty of room to move. There's still a little bit of work required here but it gives you a great opportunity to put your own personal finishing touches to the home. The location though is outstanding, being in a quite cul de sac and having such excellent views. For full details contact Brian Muller at Culburra First National on 4447 3600.

**Open for Inspection**

By Appointment.
