Set on an impressive 5,914m² allotment in a peaceful Thornlands cul-de-sac, this exceptional Casey Jackson-built residence delivers an outstanding combination of space, privacy and lifestyle.

With expansive family living, spectacular outdoor entertaining, a resort-inspired swimming pool and an enormous shed, this is acreage living at its finest.

Designed with larger families and entertaining in mind, the home offers an abundance of space, with four generous bedrooms, multiple separate living areas and a thoughtfully designed floor plan that provides both connection and separation when needed.

At the heart of the home, the beautifully appointed kitchen features stone benchtops, quality appliances, a walk-in pantry and generous preparation space. Overlooking the main living and dining areas, it provides the perfect setting for everyday family life while making entertaining effortless.

High ceilings, beautiful timber flooring and an abundance of natural light enhance the sense of space throughout. From relaxed family gatherings around the two-way fireplace to movie nights in the dedicated home cinema, every member of the family has somewhere to unwind.

The master suite is privately positioned at the rear of the residence, complete with a spacious walk-in robe, additional built-in storage and a beautifully appointed ensuite featuring a soaking bath, twin vanities and an oversized shower.

However, it is outdoors where this property truly comes into its own.

Stepping outside, you are greeted by an extraordinary entertaining precinct that feels more like a private tropical resort than a suburban backyard.

An expansive covered alfresco area flows seamlessly from the home, overlooking the stunning resort-style swimming pool with its generous shallow wading area. A separate poolside entertaining pavilion, complete with built-in BBQ facilities, provides the ideal setting for weekend gatherings, while the magnificent Bali-inspired gazebo creates a peaceful retreat overlooking the water.

Beyond the pool, beautifully maintained lawns extend into the surrounding acreage, offering an exceptional sense of openness and privacy. With established natural vegetation around the property, there is plenty of room for children to play, pets to roam or simply to enjoy the tranquillity of your own private sanctuary.
