With various living and entertaining areas, the spacious feel opens up and the residents' needs certainly won't be left wanting. Occupants of the home can spread out both inside and out, and entertaining is a breeze with the fabulous alfresco terrace and bar. The interior split level design provides separate living areas and the woodburner positioned in the middle of the home is a valuable feature, especially in the cooler months!

The modern open kitchen at the rear of the home will be the hub for family and friends when it comes to meal preparation and service, and is directly accessible to and from the spacious outdoor terrace and bar.

The main bedroom with ensuite is situated at the front southern side of the home with two more bedrooms plus main bathroom towards the rear of the home.

The top floor is a revelation with brand new carpet and paintwork, and will excite children/teenagers. Two rooms are positioned up here which can be used as a living/games/yoga space, a peaceful office, or potentially a 4th bedroom. Check out the feature staircase up to this top floor area!

The gardens are established and have been well looked after. Fully fenced with a garden shed, children and/or the family pet will be very comfortable and safe outside. The attractive front garden and entry porch provide a lasting first impression. More boxes are ticked with solar power and work bench at the rear of the garage.

Being only a very short distance from the private hospital, schools, neighbourhood shopping centre, and sporting fields, there is much to appreciate with this great property.
