## PERFECT LEURA RESIDENCE

Nestled in the heart of the spectacular village of South Leura is this contemporary classic. Although fairly new, the residence has been styled to captivate with its mountain character, featuring polished floorboards, high ceilings and deckings overlooking the garden. It also pays attention to modern lifestyle choices, like an open-plan kitchen and family area and lots of light through the large windows. There are too many glorious features to describe here. The home offers expansive, luxury accommodation in a wonderful setting.
