Open for Inspection

By Appointment.

I was given the rare privilege of selling this one of a kind home to the current owners 20 years ago for the family who designed, created and built this stunning masterpiece and here I stand once again admiring the street presence of this home that is both iconic and intriguing.

With its triple remote garages, raked roof line, porthole feature window and ample off street parking this home will excite even the fussiest of buyers.

Once inside you will discover a home office, a large formal dining room and a carpeted formal lounge room with raked ceilings and a fireplace.

The master bedroom with its adjoining yoga room or parents retreat is a heart stopper and also offers a generous walk-in robe plus a palatial ensuite with spa and bidet.

Guests are well taken care of also with a large ground floor bedroom, walk-in robe and their very own bathroom.

Younger family members may choose to live their life of luxury on the upper level where you will find the third bedroom of the home with its own ensuite, walk-in robe, sitting area and views of the surrounding suburbs and mountains.
