"FANTASTIC FAMILY HOME WITH DUAL LIVING!!"

When you need that extra room for the growing family, these hi-set brick homes have it!! Solidly built from the ground up, this home is built to last. Consisting of 3 built-in bedrooms, plus another 2 big utility rooms downstairs (currently used as bedrooms), two families could easily live in this home and have their own space.

There is a beautiful big timber kitchen on the upper level, plus a second kitchenette area downstairs, set up for dual living. The main bathroom is also located on the upper level, however a second near new bathroom is located downstairs too!

The place the whole family is going to want to use is the home theatre room. All the components of the system will remain with the property, so bring your popcorn and your choc tops and you're set for hours and hours of entertainment.

The property is located on a good size 610 sqm block & there is side access on both sides of the property. Plenty of room for the boat or caravan. There is a huge shed at the rear of the property which can be accessed from the front. A lovely entertaining area, big & spacious can be found in your private backyard, perfect for your family gatherings and parties.

The sustainability declaration can be obtained from the agent.
