

36 Newton St, Wulguru, QLD 4811

Sold - 26/03/2012

House 4 1 1 1

Move in and relax, the work is done!

This deceptively large, four bedroom home has been stylishly renovated throughout and the results are fantastic! Open-plan living areas, stunning, floating timber floors, atmospheric down lights, neutral décor and a fabulous two-pack kitchen are just some of the contemporary highlights awaiting the new owners of this stylish property!

Open for Inspection

By Appointment.

The home is situated in a quiet street in Wulguru on a generous 770sqm, extra-wide block, with ample room for the boat or caravan, just a stone's throw from local schools, Fairfield Central and Bunnings.

On entering the home, you could be forgiven for thinking that you have walked into a stylish, new, display home. The lounge, dining and kitchen are all open plan, with crisp, white décor, atmospheric down lights and a chilli-red feature wall add to the contemporary feel. The two pack kitchen with its glossy, black bench tops, equally glossy, cabinetry and stainless steel appliances is almost too good to sully with the mundane chore of food preparation! It has a double sink with garden views, a handy breakfast bar and a servery through to the lounge.

The four, generously-sized bedrooms have all been freshly carpeted and the master bedroom has convenient access to the two-way, family bathroom which has also benefitted from the same level of stylish renovation as the rest of the home. Classic black and white tiles, chrome fixtures and fittings and large, charcoal-grey floor tiles ensure that this stylish bathroom will never date!

At the rear of the home is an undercover, entertainment/BBQ patio which overlooks the above-ground, circular pool and to the side of the home is a covered carport. The garden has plenty of established palms for shade, is fully fenced for privacy and has ample lawn for the kids and the dog. Reap the rewards of the current owners' hard work. Just move in and relax!
