Inside, the home is designed for comfort and practicality, offering a spacious floor plan that caters to the needs of a busy household. Featuring four generous bedrooms and two well-appointed bathrooms, the layout is enhanced by two separate living areas, ensuring there is plenty of room for both relaxation and family gatherings. The home's design ensures a functional flow, making it an ideal environment for growing families or those who appreciate extra space.

Key Features

- * Four generously sized bedrooms, including an ensuite and walk-in robe
- * Three additional bedrooms offering excellent space and flexibility for family, guests or a home office
- * Two separate living areas, providing versatile spaces for entertaining, relaxing and family living
- * Evaporative cooling throughout for comfortable living during the warmer months
- * Cosy wood combustion heater in the main living area, creating a warm and inviting atmosphere in winter
- * Expansive laundry
- * Durable, low-maintenance flooring throughout, ideal for busy family living
- * Solar panels to help improve energy efficiency and reduce ongoing electricity costs
- * Rainwater tank providing an additional water source for the property
- * Gas cooking for those who love the convenience and control of cooking with gas
- * Gas bottles servicing the property
- * Septic tank system
- * Undercover pitched pergola, creating the perfect outdoor entertaining space for family gatherings and hosting guests
- * Low-maintenance outdoor entertaining area designed for easy enjoyment year-round
- * Multiple sheds, offering substantial storage, workshop or hobby space
- * Excellent practicality and storage throughout, making this a well-equipped home for families seeking space, comfort and functionality
