A foyer greets you or enter through the double automatic garage, to your right is a formal dining and lounge with brackets ready for you to mount your TV on the wall. The laundry provides side access and an additional toilet.

At the rear of the home is a large family kitchen with island bench, dishwasher, two pantries and casual meals area that opens to the patio out the back and yet another living space, study or whatever you need it to be!

Upstairs offers four double bedrooms, all with built-in wardrobes and ceiling fans with ensuite bathroom to main plus a study or yet another living area that opens onto the balcony. A family friendly bathroom has a bathtub with separate toilet.

A grassy backyard just needs a mow to keep it in order & enjoy the views.
