By Appointment.

Currently under construction and expected to be completed in mid November 2026, this brand new four-bedroom duplex offers a fantastic opportunity to enjoy low-maintenance living in a convenient St Georges Basin location.

Set just 250 metres from the waterfront and only 700 metres from the local shopping village, the home has been thoughtfully designed with a practical single-level layout, making it ideal for families, down-sizers, first home buyers or investors.

The main bedroom includes a walk-in robe and private ensuite, while the remaining three bedrooms all feature built-in wardrobes and are serviced by a modern family bathroom with a separate toilet.

At the centre of the home, the open plan kitchen, living and dining area creates a welcoming space for everyday living and entertaining. The kitchen features stone benchtops, quality electric appliances and a dishwasher, with the living area opening onto a covered, tiled alfresco.

Additional features include split system air conditioning, downlights throughout, gas hot water and a single garage with panel lift door. As a complete turn-key home, everything will be ready for you to simply move in once construction is complete.

Whether you're looking for a new place to call home or an investment in a growing South Coast community, this quality duplex offers modern living just moments from the water, shops and local conveniences.
