

4/21 Johnson St, Chatswood, NSW 2067

Sold - 23/03/2013

Unit 2  1  1 

Sold at auction for record price

This fabulous 2 bedroom unit, located on the 1st floor, maintaining a sunny, tree top outlook, with a northerly aspect. Huge lock-up garage.

Open for Inspection

By Appointment.

"Montpelier" is a Mirvac built building, renowned for it's quality. This unit block has beautifully landscaped gardens. Units rarely become available for sale in this prized block. As you can imagine the ownership has been relatively constant, why would you leave? But when one does it is generally passed on or sold within family, as they can see the benefits of owning a unit in a superbly located and well maintained building.

This particular unit will more that likely once sold, may not come on the market again for years or even decades to come. The opportunity is now or at Auction,

Will you be saying "I should have bought that unit"?

- 2 generous bedrooms
- Built-in wardrobe
- Return balcony
- Lock up garage
- Lounge with "L" shaped dining area
- Full bathroom
- Internal laundry
- Security building

Another great thought went into the design is having the laundry drying area on the roof, no unsightly clothes to be seen.

An unsurpassed opportunity, maybe once in your lifetime

Unless sold before auction
