Welcome to this meticulously maintained lowset brick home nestled in the charming community of Rosewood. Built in 1992 by the renowned GJ Gardner Homes, this property blends quality construction with thoughtful design, creating a perfect sanctuary for modern family living.

As you step inside, you'll immediately notice the spacious and inviting layout. The home features four generously sized bedrooms, ensuring plenty of space for family and guests. Three of these bedrooms come with built-in wardrobes, offering ample storage. The master suite is a true retreat, complete with air-conditioning for year-round comfort, a well-appointed ensuite, and a walk-in robe that provides a private space for your wardrobe essentials.

The living spaces in this home are designed for both relaxation and entertainment. The separate lounge room is perfect for quiet evenings or entertaining guests, while the additional air-conditioned, tiled family room provides a versatile space that can be used as a media room, play area, or whatever suits your lifestyle.

Ceiling fans are installed throughout the home, ensuring a cool and comfortable environment during the warmer months, and with four split-system air-conditioners strategically placed, every corner of the home can be kept at just the right temperature.

At the heart of the home is a large, well-equipped modern kitchen that will delight any home chef. There's plenty of bench and cupboard space to store all your kitchen essentials, and the bench doubles as a convenient breakfast bar for casual dining or quick morning coffees. The kitchen overlooks the family room, making it easy to keep an eye on the kids or stay connected with guests while preparing meals.
