Welcome to a home that doesn't just tick the boxes-it elevates your entire lifestyle. Perfectly positioned high in Grammar Park, this stunning property captures those sought-after sweeping views and delivers a lifestyle of comfort and style for busy families who appreciate the finer things.

From the moment you arrive, there's an undeniable sense of calm here. Whether it's the gentle breeze flowing through the alfresco area or the golden glow of the afternoon sun across the hills, this is a home that feels like a retreat.

Inside, the home is a masterclass in thoughtful design and relaxed sophistication. The heart of the home-the kitchen-is a true standout. It's built for people who love to cook, gather, and connect.

A massive island bench anchors the space, offering more than enough room for meal prep, morning coffees, or kids doing homework while dinner simmers on the oversized gas stove. There's storage for days, so everything has its place, and the open-plan layout flows effortlessly into the tiled meals and family zone.

For those moments when you just want to unwind or need a separate space for the kids or guests, the second lounge/rumpus room delivers exactly that. It's a flexible room that can evolve with your family's needs-movie nights, playroom, home office-you name it.

The master suite feels like a true retreat, set privately away from the other bedrooms. It's generous in size, stylish in finish, and complete with a huge walk-in robe. The ensuite is equally impressive, with double vanities, a great sized shower and a deep bath that's just calling for bubbles and a glass of wine. It's your own private day spa.
