## Imagine Space Styled For Family Living. Can You Picture It

Why we're obsessed with 4 Turner Street:

From the moment you arrive, this is a home that feels beautifully cared for. Strong street appeal, established landscaping and an immaculate, as-new presentation set the tone, while inside, an impressive 222sqm of living has been designed with space and flexibility in mind. It's polished without feeling precious – a home where everything is ready for you to simply settle in and enjoy.

At the heart of the home, the central kitchen connects effortlessly with the generous family and dining areas, covered entertaining space and separate formal living room, creating an easy flow from quiet evenings to weekends with family and friends. The kitchen pairs 900mm cooking appliances with a spacious walk-in pantry, while excellent storage continues throughout the home, including the well-planned laundry. Even the garage has been given the same attention to detail, finished with an epoxy floor for a clean, considered look.

Privately positioned at the rear, the main bedroom becomes a peaceful retreat overlooking the beautifully landscaped and wonderfully private garden. A generous, well-fitted walk-in robe complements the open-concept ensuite with double stone vanity and separate toilet. Three further bedrooms are genuinely spacious, with the floorplan showing each at king-sized proportions, while the study offers valuable flexibility as a home office, additional living space or potential fifth bedroom depending on how life changes.

There's a lovely sense of privacy outside too, with established hedging framing a generous lawn and creating a green backdrop to the covered entertaining area. It's easy to picture long lunches flowing outdoors, children enjoying the backyard or simply taking a quiet moment in the garden. Set within a peaceful, family-friendly estate with easy access into town, this is a home that combines generous proportions with the kind of immaculate presentation that means the work has already been done.
