House 3  2 

Escape to the Country!

Located 20 minutes from town and at the back of a block is a modern three-bedroom, two-bathroom home. It is shared with a second house, but there is more than enough space and bush land to enjoy your own peace and privacy. This home has three well sized bedrooms, all three-featuring built in robes, split systems and Fans. The open plan lounge and dining is of good size with split system air conditioning. The kitchen has ample cupboard space and gas cooking. The laundry is located outside off the veranda. Outside has a large front and rear veranda keeping the property shaded and cool through summer.
