STUNNING TWO-YEAR-OLD LUXURY COASTAL FAMILY RETREAT

A Stunning, Luxurious, Nearly New, High-Quality Spacious Coastal Family Retreat in the Heart of the Ormiston School District.

Open for Inspection

Sat, 12 Sep 2026 - 11:15 AM to 11:45 AM

Beautifully presented with timeless Cape Cod and Hamptons-inspired styling, 43 Francis Street is a 2 year newly-built family residence combining refined coastal character with generous proportions and exceptional versatility. Soaring 2.7m ceilings enhance the sense of space throughout, while hardwood framing and a solid brick exterior reflect the quality and considered construction of this beautiful home.

At the heart of the home, a stunning stone kitchen with freestanding gas cooker, excellent storage and a walk-in pantry with butler's bench and sink connects seamlessly with the expansive family and dining areas. Bathed in natural light, these welcoming spaces flow effortlessly to the covered alfresco area, creating an inviting setting for everyday family living and relaxed entertaining.

Families will appreciate the excellent separation of living zones. A second living area at the front of the home features beautiful French doors opening directly to the front porch and offers wonderful flexibility as a media room, formal lounge, home office or potential fifth bedroom. Set just behind is a dedicated study area, creating an ideal teenagers' study zone, while a separate retreat positioned near the second and third bedrooms provides another relaxed space for children to unwind, study or enjoy time with friends.

The accommodation is equally impressive, with three generous secondary bedrooms offering excellent space and storage, complemented by an elegant family bathroom with a statement island bath. Privately positioned at the rear, the oversized master suite creates a peaceful parents' retreat with an expansive walk-in robe, additional storage and luxurious ensuite featuring an oversized walk-in shower and separate toilet. Ducted air conditioning, security screens, a spacious laundry, solar power, secure double garage and EV charger complete this beautifully considered family home.

Property Highlights

- * Newly built family residence showcasing timeless Cape Cod and Hamptons-inspired style
- * Quality construction with 2.7m ceilings, hardwood framing and solid brick exterior
- * Expansive family and dining areas bathed in natural light and flowing to the alfresco
